

## Memorandum of Agreement

The Memorandum of Agreement ( "the Agreement") is entered into by and between the two parties, the Somerset Teachers Association ( hereinafter "the Association") and Superintendent Jeffrey Schoonover, superintendent of both the Somerset-Berkley Regional School Committee and the Somerset School Committee.

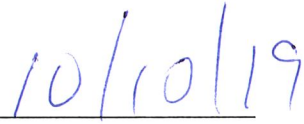

The intent and purpose of this agreement is to clarify the expectations and responsibilities of teachers during the Raider Time blocks at the Somerset Middle School and the Blue Raider Block at Somerset Berkley Regional High School. The Parties agree to the following conditions listed below:

1. Teachers will not be observed during any of the Raider Time blocks, the Blue Raider blocks, and any advisory periods. Unless requested by the teacher.
2. The purpose of the intervention class during the Raider Time or The Blue Raider Block is to provide academic support for students in the teacher's subject area. The teacher may guide and provide assistance to students as they work on their homework and/or provide extra help for students. The teacher is not expected to create new lesson plans for this intervention period.
3. The philosophy of the enrichment block is to provide students with an opportunity to explore and engage in interesting and fun activities. In addition, it is a time period where students can build positive relationships with peers and the teacher. Teachers are not expected to create a formal curriculum for these enrichment classes.

The parties, by their signatures below, acknowledge having read this Memorandum of Agreement, understand it, and agree to be bound by its terms and conditions. The agreement will be in force until the end of the 2019-20 academic year. Parties agree to revisit and evaluate the terms of this agreement before the beginning of the 2020-21 academic year.
